

A Simple, Powerful, Unified Collaboration Solution

IP Office is the right choice for small and medium sized businesses wishing to move towards a unified telephone system. This solution delivers a fast, efficient and coordinated service.

Lower phone bills

This solution provides many opportunities for reducing the cost of calls made by your staff on the road—from mobiles, hotels or even abroad.

Built in resiliency for non-stop operations

IP Office provides business continuity through its built-in resiliency and remote working capabilities, so calls can continue even during unforeseen natural disrupters, like poor weather.

Expand without increasing rental costs

IP Offices gives you the flexibility for employees to work from home, which allows you to expand with ease.
